SANTO TOMÁS UNIVERSITY AND GLOBALIZATION:
INITIATIVES TO FACE THIS PROCESS

ABSTRACT
This article discusses the experiences developed by Santo Tomás University of Chile and the network of members of the International Council of Saint Thomas Aquinas Universities, IC-USTA, to uphold equity among the faculty and students throughout the world in the access to information and knowledge, and that cover the fields of teaching, research and extension activities. These experiences may be useful for professors and students of the country's higher education.

Key words: IC-USTA, exchange, globalization
