ABOUT THE JOURNAL “CALIDAD EN LA EDUCACIÓN”, PUBLISHED BY THE CHILEAN HIGHER COUNCIL FOR EDUCATION

Fernando Lolas*

ABSTRACT
The article reviews the contribution made by the journal “Calidad en la Educación”, published by the Chilean Higher Council for Education (CSE), after its first 25 issues. It analyzes the journal’s informational input to the varied and diffuse community working in the field of higher education. According to the author, the journal covers an array ranging from a community dedicated to practices to one that involves knowledge. The journal is thus required to meet a series of challenges to meet the goals established by the Council.

Key words: Quality in Education, licensing, accreditation
